

Partners in Change: A Biographical Encyclopedia of American Protestant Missionaries in Hawai'i and their Hawaiian and Tahitian Colleagues, 1820-1900

Acknowledgments

Key to expanding the generally brief entries of the *Missionary Album* (1969) to the longer versions contained in this volume have been the collections of the Bishop Museum Library, Hawaii State Archives, Hawaii State Library, Hawaiian Historical Society, and the Hawaiian Mission Houses Historic Site and Archives (HMHSA) (legal name Hawaiian Mission Children's Society Library, HMCS). HMHSA is fortunate to be custodians of the large collection assembled through the Sandwich Island Mission, which became the Hawaiian Evangelical Society and then the Hawai'i Conference United Church of Christ. HMHSA has also secured permission from Wider Church Ministries of the United Church of Christ, successor of the American Board of Commissioners for Foreign Missions (ABCFM), to digitize and quote from their collection, which includes all the letters and other materials sent to them, or preserved by them, from the ABCFM Sandwich Island Mission. The Houghton Library, at Harvard University, is the official custodian for the archives of the ABCFM. HMHSA has photocopies of most of the original Sandwich Island Mission collection held there. We thank all of our collaborators. Without you, this book could not have been written.

The HMHSA's archivist, John Barker, provided invaluable access to the primary body of knowledge regarding the missionaries and their Hawaiian and Tahitian associates. His efforts to digitize large parts of the HMHSA's collection have been a major factor in our ability to complete this book. Jennifer L. Higa and staff at the Hawaiian Historical Society (HHS) provided important access to the HHS collection. Mary Ann Lentz of the HMHSA assisted with access to and interpretation of the genealogical records of missionary descendants. Mallory Huard provided research assistance related to early ships.

We thank the HMHSA/HMCS Board of Directors and staff who supported this book as a bicentennial project and the generous donors who contributed to make it a practical reality.

Our donors deserve special thanks and recognition. Without their support, this book would have remained just a wish, another dream that could not be realized. Funding for this Publication was generously provided by the following individuals, trusts, and foundations.
